

On the passage of Anti-Smuggling Act

Saturday, 20 February 2010

Last Updated Tuesday, 09 March 2010

Anti-Smuggling Act passed on 3rd! It mandates the Bureau of Customs to instill transparency & accountability thru comprehensive audit of systems, controls & procedures. This will protect our local industries against unfair competition brought by fraudulently imported articles that are generally priced below our domestic market. It will foster greater economic activity, job preservation and creation.
